Name _____

Are WE Doing All We Can?

Assignment: With one (or two) partners, choose one of the topics below as well as a form of communication from the right-hand column. (You may work individually if you wish.) Develop a product to educate, inform, and/or persuade US citizens of the need (importance) of conserving or recycling. Explain the harm being done and the good that could happen if changes are made.

Current Conservation Needs	Possible Communication Tools
